

CrispyFruits

health magic

CrispyFruits is the next wave of healthy, pure fruit snacking to help you and your family increase your daily fruit intake. We select the highest quality, sweetest fruits, peel them, slice them, then freeze dry them at very low temperature and pressure to remove the water. The result is perfectly preserved 100% fruit that has an amazingly light and crispy texture with all the fruit nutrients locked in.

Used in space by astronauts, freeze dried fruits have a unique range of benefits. These fruits are nutritious, easily digestible and tasty. They are also well-packaged, quick to serve, easy to open, leaving no waste and easy to clean up.

Perfectly-preserved 100% fruit that has an amazingly-light and crispy texture

- ✓ Provides a source of nutrients you'd find in fresh fruit including vitamins, minerals and fibre
- ✓ A choice of individual flavours or Fandango which is a fruit salad mix
 - ✓ 100% freeze dried fruit
 - ✓ Free from nuts, fat, gluten, & dairy
- ✓ Free from preservatives & artificial additives
 - ✓ Free from sulphur
- ✓ Available in a shelf ready display box
