

natural dog shampoo

Fresh, salon grade formulation

Hero Ingredients

Coconut, Neem, & Olive oils to cleanse and nourish coat & skin

Fennel, Tulsi & Clary Sage essential oils for their antibacterial properties

Benefits

NON-TOXIC, NATURALLY CLEAN: Cleans and degreases skin while nourishing it at the same time without stripping coats of their natural oils.

PROTECTS SKIN & STOPS ITCHES: Petrochemical based shampoos often cause itching even for your freshly washed pooch. Neem oil is an antipruritic, meaning it doesn't itch and actually helps to heal and stop itchy skin.

HELPS FIGHT MICROBES: Microbes commonly found on skin cause dermatitis, Neem and other essential oils in the shampoo help fight them.

SUITABLE FOR ALL BREEDS & COATS: The gentle nourishing shampoo is suitable for all breeds and coat types.

How to use it?

Bathe your dog once a month, or when they're too stinky to hug.

Simply apply enough pumps to create a lather. This is a low sudsing product, so you don't always get a lot of foam. Wash the whole body, avoiding the eyes. Give a little massage to show your love. Rinse well. Repeat for extra grubby coats. Dry ears carefully after bathing.
