

stainless steel.

streak free

Hero Ingredients

Coconut liquid soap made using the traditional method

Eucalyptus blue gum, Clove and Tea Tree essential oils

Benefits

SPARKLING STREAK-FREE FINISH:

Say goodbye to dullness and hello to a mirror-like gleam with every wipe. Our unique formula leaves no streaks or residue, just pure brilliance.

GENTLE ON SURFACES, TOUGH ON STAINS:

Clean effectively without worrying about damage. Our gentle formula is safe for all stainless steel surfaces, including appliances, benchtops, and even commercial kitchens.

FREE FROM NASTY CHEMICALS:

Say goodbye to cheap and nasty chemicals. Our products are free from parabens, preservatives, SLS, sulphates, bleach, phenols or other nasty chemicals.

GREY WATER & SEPTIC SAFE:

Ingredients carefully chosen to ensure safety for septic systems and grey water use.

How to use it?

SPRAY: Spray the product directly onto stainless steel surfaces and appliances and wipe thoroughly with a soft dry or slightly damp cloth.

WIPE: For the best cleaning results, we recommend using a microfibre cloth. That way, you get cleaner surfaces with the same effort because the microfibre is picking up more particles than a normal cloth.
